

CAMP LONG CREEK AT BIG CEDAR LODGE

WELCOME — TO THE — *Wilderness!*

We are so glad you have joined us for a rustic Ozark Mountain camping experience. While we take pride in offering upscale camping accommodations, we are still a campground nonetheless. We share the lake and the land with animals, fishermen, the general public and Mother Nature, all of which can be unpredictable. We'd like to offer these reminders so you can plan your activities accordingly:

- Fishermen are eager to start their day early and are not concerned about scaring the fish – expect them to make some noise.
- We love animals, but not all animals, so please clean up your trash so as not to attract unwanted critters.
- We like our landscaping; help us out and try not to drive or park on it.
- Weather in the Ozarks can be fickle; don't be surprised if you get wet or hot or blown around a bit... all in the course of a few hours.
- Bugs like the great outdoors too! Protect yourself with bug spray and use your fly swatter.
- Fires are not for signaling planes, so keep your campfire small and maintainable within your designated firepit.
- Table Rock Lake is outside our Rangers' jurisdiction; you'll feel – and HEAR – the excitement of folks in and on the water. You might as well join in on the fun!

Camp Long Creek was created as an innovative, pet-friendly, outdoor adventure experience for Big Cedar Lodge guests. Now that you know what to expect, we invite you to enjoy the lake, watch the sunset, relax by the fire and relish in the beauty of the Ozarks!
