

FIREPLACE GUIDELINES

- When building a fire, place wood in the back of the fireplace.
- Use no more than 3 logs at a time to prevent fire hazard.
- Fire screen must remain in place at all times.
- Fire rings are replenished once a day.
- Do not leave unattended fires in the fireplace. Let the fire extinguish on its own (do not use water to extinguish a fire in the fireplace).
- For your safety, during extended stays, housekeeping will be required to clean out the fireplace.

For assistance with building a fire or putting one out, please dial the operator (0) or call 417-335-2777.

Thank you!
